Feeling the wind too strongly, he rose to go to the rear of the car when he was struck on the head by a bridge and knocked to the ground. As soon as the train could be opped he was taken up and carried back to Paris. It was hoped at first that he could be brought directly home, but his injuries prove more serious than at first supposed and his return, by advice of his sicians, will be delayed for a month or On the same day, May 18, his sister Frace was in a collision near Waterbury, Conn., the engine of a train in the rear elescoping the car in which she sat, but she fortunately escaped with no injury aside from the nervous shock.

THE UNITARIAN CONFERENCE.

June put on its most winning smile and Brattlebore was in its glory to welcome the Unitarian conference. At the opening meeting on Tuesday evening the Unitarian mon of earnest and practical Christlanity on "Spiritual Growth." In a style that was unique for its simplicity and intensespiritual fervor he urged the beauty, the the future. Many former students who naturalness and the helpfulness of the di-attended the school years ago were present vine life as it is revealed in the Christly spirit. Christ, he said, is not the inflexible title of a single historic person. Jesus of Nazareth, but the eternal and ever enlarging life of God in humanity. All life is a growth and if men would live wisely they oo must grow in grace and in the love and knowledge of God and His world. We must out grow all that is withered and may as and grow into all that is just and holy. Christianity is not the mere holding on to old forms and ideas but the growing life of God in history striving to inspire men with Lilian Miller and the address. Mr. Babbitt a passion for human uplifting, so that the kingdom of heaven may come on earth. The God we worship is neither the God of comed his former pupils in a few candid movelly nor the God of antiquity but the Eternal God who is ever leading us toward a recess of an hour was taken, which was

higher and better things.
On Wednesday morning a devotional service was conducted by Rev. Carl. G. Horst of Pittsfield, Mass., and Rev. R. A. Griffin of Northampton. It was an hour of spiritual refreshment and uplifting tendng to deepen the personal religious. life of all present. Mr. George A. Dennison of Springfield, Mass., presided over the business meeting, which was called to order at the close of the devotional meeting.

At 11:30 Rev. S. R. Calthory of Syraby-laws. Prof. Shaw, C. H. Robb and H. cuse, N. Y., read an essay on "The Primitive gospel and its life of Christ" to an tender a vote of thanks to Mr. Whitney and the cuse which filled every pew in the for his able and interesting address. The essay was written from the Bible and was a scholarly analysis of the Esq., of Chattanooga, Tenn., a member life of Jesus as it appears in the gospel of the class of '85. Following we give a brief Mark. This is the oldest of the four gossing synopsis of it, the subject being "Scholpels and its pleture of the mission and astic Democracy." works of the Master presents the Unitarian interpretation of Jesus in all its divine simplicity and humanity. The essay was not a mere piece of intellectual criticism, but an honest and manly setting forth of the facts of history with a strong and tender appeal for more loyalty to the life and teaching of Jesus. Rev. Mr. Calthorp is one of the most thorough Rible scholars in the United States and was a follow strodent in Cambridge university, England, with Canon Farrar and other distinguish-

ed men.

The essay was followed by a vigorous address on the growing missionary work of the American Unitarian association by its able secretary, Rev. Grandall Reynolds of Boston. He stated that in these days of religious unrest and intellectual activity Unitarian ideas of God, religion and life were making most rapid progress not only in the building up of the Unitarian denomination but in the pulpits and pews of all the more conservative Protestant churches. More churches of our faith have come into existence during the last five years than were established during the previous forty years. So the prospect is bright and God's truth is bound to win.

At the luncheon, served by the ladies of the Unitarian parish, the town hall was filled to the doors by visiting ministers and delegates, some 250 persons from out of town being in attendance.

In the afternoon the leading address was delivered by Hon. Dorman B. Eaton, who spoke in an eloquent and convincing manner on "What laymen can do for the church." Mr. Eaton's address was coneived in a large and liberal spirit and he made a vigorous and unanswerable plea for loyalty to the church not as the advocate of a sectarian theology, but as the one insti-tution which stands for the defence and promotion of the moral and religious life f men. He said that the best influences of modern society emanate from the church and that the layman who does not help unanagement of the Brooks House, and did ur sponsible for the growth and usefull the church and while passing some deof the pulpit, which calls us to higher things, to be silenced. In closing he spoke emphatically and with great power on the need of bringing the church into closer touch with the civil and industrial life of today. He believed that the principles of the decalogue and the sermon on the mount were applicable not only to the solitary religious lives of men, but to all the affairs of the nation and the community, and he urged the pulpit to speak out on the moral ssues of politics, not as partisans or sensationalists, or blunderers in matters poorl comprehended, but as the advocates of

God's eternal laws of justice and truth. Mr. Eaton's address was an inspiring revelation of his own personal convictions, and it made a profound impression on the con-It was followed by five-minute speeches by Rev. Messrs. Griffin, Free, Carney and Wilby, and by remarks from Mr. Dennison of Springfield and Mr. Francis of Hartford. After a vote of thanks had been passed to the Brattleboro parish for its hospitality, to the speakers for the services, and to the Connecticut River railroad company for its courtesy, Rev. Mr. Ames spoke a few pertinent final words conference adjourned. Every church is the conference sent delegates, and the general verdict was, "It is the best conference we have had in years."

THE HAUS-CAREY WEDDING. One of the carest of June days lent its charm to an occasion fraught with inter-

est to the friends of two well-known young people, Mr. Henry B. Haus, and Miss Margaret M. Carey, daughter of Edmund Carsy, whose marriage was celebrated on Tuesday. There was a large com-pany at the St. Michael's Roman Catholic hurch at 0 o'clock in the morning, when the ceremony was performed by Rev. Father Cunningham. Geo. M. Parker of the Sherman House, Boston, best man and Miss Katherine Flavin of Beliows Falls, a consin of the bride, as bridemaid. The bride wore a handsome brown India twill traveling dress. A reption to about 40 Intimate friends was held at Mr. Carey's residence on Canal street. The house was beautifully decorated for the occasion with a wealth of flowers. A NEW TRAIN NORTH.

But the One from the South is Not Promised.

The Connecticut River railroad company has written to Crosby & Co, this week in regard to the petition which was signed by leading business men of Brattleboro asking for an early train from the south, to arrive here between 8 and 9:30 in the rning, and for an earlier train to Bellows Falls and places north. The company states that when the change is made for the summer service, June 27, a new passenger train will leave Brattleboro at 6 A. M., Bellows Falls at 6:50, Claremont Junction at 7:25, arriving at Windsor at 8 o'clock At Claremont Junction connection can be in the midst of which there was free inquiry made with the 7:30 train on the Concord and discussion. COL. FULLER FOR GOVERNOR. Benttleboro Republicans, in Caucus Ass sembled. Make a Unantmous Declaratlan.

A stranger suddenly transported to the town hall Saturday evening, when the Re-publican cancus was held, might easily save Imagined that he was attending some I topian gathering, so harmoniously, quickly, and with such an air of business preeision was everything performed. The meeting was called to order by George B. Hitt of the town committee, who read the call. Hon, J. L. Martin was chosen chairman and L. W. Hawley cierk. The first business was to elect 11 delegates and 11 alternates to the state convention to be held at Burlington the 22d. Hon. E. L. Waterman stated that it was generally known that the name of one of our fellow citizens had been favorably mentioned for the governorship nomination, and that so far as known there was no opposition to him at home; indeed, the sentiment was favorable to Col. Fuller. This being the ase, Mr. Waterman presented the following list of delegates and alternates.

Delegates-Geo. W. Hooker, J. L. Martin, J. J. Estey, H. D. Holton, E. W. Stoddard, Geo. W. Pierce, D. P. Webster, Fred F. Gleason, Geo. S. Dowley, Chas. F. Thompson, Thomas Hannon. Alternates -K. Haskins, Geo. B. Hitt, W. H. Brackett, F. J. Bailey, H. C. Streeter, L. D. Greene, H. F. Brooks, W. E. Hubbard, C.

No objection being raised the names were voted upon as a ticket and unanimously chosen. When the question of electing a town committee was brought up Col. Estey moved that it be deferred until the caucus for the election of delegates to the county convention, as had been the custom, and this motion was unanimously carried

The last business on the call was to elect delegates and alternates to the congressional district convention to be held at Montpeller the 21st. Hon. E. W. Stoddard said hat for the same reasons advanced by Mr. Waterman a list of delegates had been prepared, as follows:

E. L. Waterman, J. J. Estey, K. Haskins, E. C. Crosby, E. A. Tyler, D. L. Herrick, A. Starkey, F. L. Hunt, H. P. Wellman, F. J. Balley, H. O. Coolidge

The delegation was unanimously chosen, and on motion of Mr. Stoddard the delegates were authorized to fill any vacancies which might exist.

Col. Hooker said that it seemed proper to make some expression of the candidacy of our fellow townsman without reducing to writing, and he therefore moved that the delegates to the state convention be authorized to use all honorable means to secure the nomination of Col. Fuller to the governorship and to pledge his enthusiastic support at home. His remarks were warmly applanded, as were those of Col. Haskins, who seconded the motion, first stating that it was a credit to our town to have the name of one of our citizens mentioned for the honorable office, it would be of more credit to have Col. Fuller nominated, and if nominated we would have a live governor at home, as we now have an exgovernor. The resolution was unanimously passed, every Republican in the hall ris-ing to be counted when the vote was taken. When Mr. Martin declared "yeas 129, nays 0," there was more applause. At this point a telegram which had just been received from Windsor was handed to Mr. Martin to be read. It stated "four delegates elected and instructed for Fuller." This brought om still another round of hearty applause, and the meeting adjourn-ed, all the business having been transacted It was evident from this caucus that Col.

Fuller's home support is to be unanimous enthusiastic, and of such a character as to inspire confidence in his candidacy in other

THE FOREST AND STREAM CLUB. A largely-attended meeting of the Forwas voted to formally open the club house at Wilmington on the 30th of June. The members are expected to come to Brattle boro and to make the trip from here to Wilmington by team. Twelve applications for membership were received at the meeting, among them being that of Postmaster Van Cott and other well-known New Yorkers. The furniture of the club house will arrive at Wilmington this week and the house will be ready for occupancy on the arrival of the members, several of whom will bring their teams. The annual meeting of the club will be held July 2. Sev-We offer One Hundred Dollars Reward for any | eral thousand trout for the streams of the club have been sent to Wilmington this week and later the fish commissioner will go to that place to look over several streams with reference to restocking them for public use. It is probable that the Forest and Stream club will bring 60 families to Wilmington this summer.
